

The schematic diagram illustrates the electrical connections for the E80-4/900M2213S antenna module. It features two antenna ports, U1 and U2, each connected to a +3.3V supply through a series combination of a 10uF capacitor (C24) and a 100nF capacitor (C23). The module includes a matching network with inductors L1, L2, L3, L4 and capacitors C1, C2, C3, C4. The module is labeled U1 and E80-4/900M2213S.
